

Hydraulic dividers

DIV-R

- ✓ Increased productivity
- ✓ Simplified cleaning
- ✓ Adjustable pressure
- ✓ Silent (-65dB)
- ✓ Stainless steel exterior

SPECIFICATIONS

Dimensions of round tanks (L x W x H) in mm	464 x 125
Min/max weight of dough pieces in grams	100 / 900
Capacity of tanks in kg	18
Flour splash prevention system	•
Automatic knife retraction	•
Adjustable pressure	•
Flour recovery	•
Protection handle	•
Motor power in kW	1,5
Net weight (in kg)	265

TECHNICAL SPECIFICATIONS

Power supply	230V single phase (ADDITIONAL COST),230V three-phase ,400V three-phase +N
Power frequency	50Hz,60Hz (ADDITIONAL COST)
Options (Additional cost)	Fullmatic

MAIN STRENGTHS

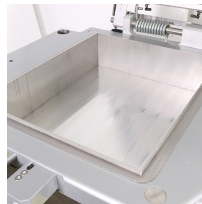

Adjustable pressure

Prevents de-gassing of the different types of dough.

Stainless-steel bodywork, tank and knives

Includes automatic blade retraction for easy maintenance.

Stainless steel tank

For optimum hygiene and easy maintenance
